

Battens Employment Team

The Battens Employment Team covers the broad, ever expanding range of legal advice services required for navigating the complexities of employment law.

All aspects of the employment relationship are now highly regulated and full of pitfalls for the unwary. Our team of employment specialists provides proactive commercial advice on all aspects of the employment relationship, from navigating the day to day management issues such as performance, sickness and disciplinary hearings and dismissals, through to attendance at tribunal hearings.

Giving practical and strategic advice on resolving issues arising such as restructures, redundancies, sales and mergers and negotiating exit packages, we enable clients to manage their employees more effectively in the best interests of their business.

Our approach is to provide commercial solutions to everyday problems with a view to avoiding litigation, or where proceedings are under way achieving swift effective resolution. If settlement is not appropriate, the employment team has an impressive record in the employment tribunal in terms of tactical approach and our team members are also experienced advocates.

Battens Employment Team has the experience and expertise to help clients to reach their commercial objectives.

If you would like advice about employment issues, please contact Dawn Gallie, Head of Employment on 01935 846233 or Victoria Knight on 01935 846131
